

What is the Crio Remote Support Tablet

The Crio® remote support tablet is your all-in-one tool for success. The tablet has everything you need to be successful, in one single device. Not only is the tablet preloaded with links to important tools, but you can add the apps you regularly use for your daily life.

To utilize many of the items on the tablet, you must first register your printer for CrioCare warranty services. Afterward, you will gain access to all the exclusive resources and content on mycrio.com.

Get Started

This area features unboxing to first print videos, links to download driver, RIP software, and user manuals, as well as videos on process techniques. Everything you need to get up and running quickly in the palm of your hand.

Crio® Community

The Crio® community is your place to get help, information or share your own knowledge. This interactive forum has Crio® and industry experts to discuss printer models, papers, media, transfer substrates and so much more!

Register

Here you'll register your printers serial number, and RIP activation code to activate your CrioCare warranty and gain access to the Crio® Academy, community forums, videos, and much more!

Crio® Academy

The holy grail of the MyCrio site. Crio® Academy includes resources to help you and your business succeed and profit. From marketing kits, to how-to videos, to free training, to profit guides, and more! We will continually add new content so make sure to check back often!

Profit Guides

The Crio® Smart Hub is your repository of downloadable assets. Download profit guides, premade social media content, promotional images, and more to help you marketing your business for success easier than ever!

CrioCare

CrioCare is more than an industry leading warranty, it's a printer to process support system. When you submit a support ticket, you get immediate access to our expert Crio® support staff that will listen and guide you to resolving the issue.
